Street and Householders' Directory.

The street directory gives the location of each street, and shows what other streets or places run from or across it. The house numbers are given in left and right hand columns, with the names of heads of families and persons in business, in the order of location.

Houses without numbers are indicated by a —, and the dash is also used opposite connecting streets to indicate whether such streets begin or end on the left or right side.

The star (*) indicates streets that have been accepted by the city; and two stars (**) indicate streets a part of which have been accepted.

The National has no equal.

It is simple in construction, easily kept in order, and very durable. It will last a lifetime, if kept in proper repair, and every part can be duplicated at any time. It is equally available for light or heavy work, and may be run by either foot or steam power;

—Manufactured only by—

The National Sewing Machine Co.,

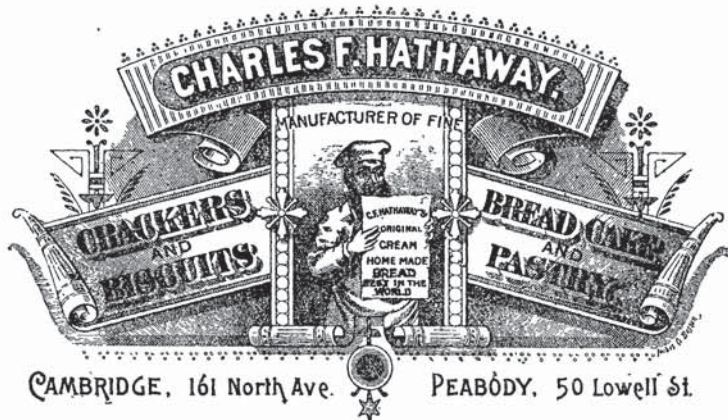

Office & Factory 124 Pearl St., Boston.

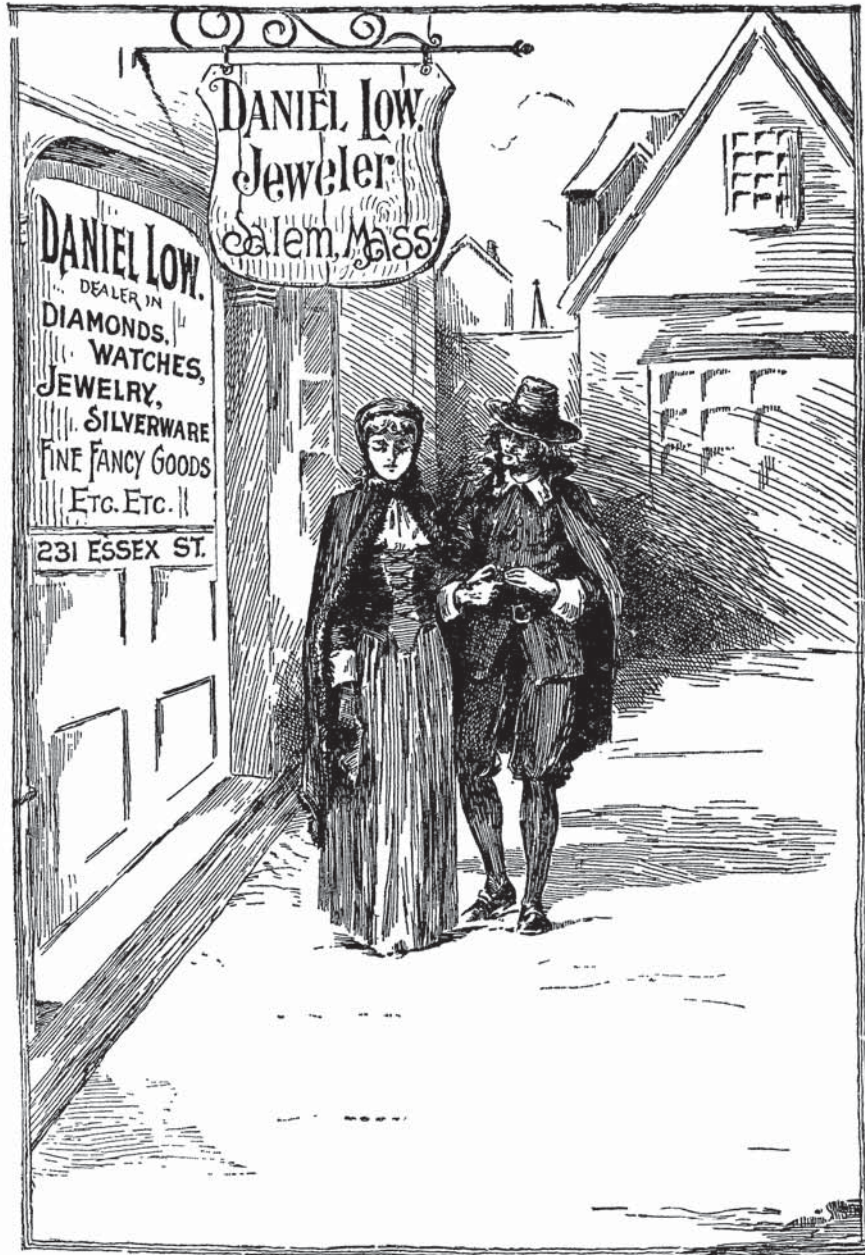

The National Fair Stitch Machine, now used by leading boot and shoe manufacturers all over the country, is acknowledged to be superior to any other machine of the kind. It is guaranteed in every respect and is the only Fair Stitch Machine that will do all classes of work.

The National Sewing Machine Co. are also sole manufacturers of the New England & Union Wax Thread Sewing Machine. Manufacturers are cautioned against purchasing machines which infringe upon our patents and trade marks. Also against buying bogus parts of our machines and old patched up machines, painted and varnished to look like new, made to sell not use.

Genuine duplicate parts of the above machines can be obtained only of the National Sewing Machine Co., or its agents.

Machines repaired or rebuilt at short notice and in the best manner. Needles, awls, castoffs and wax thread machine findings of all kinds. Illustrated catalogue sent on application.

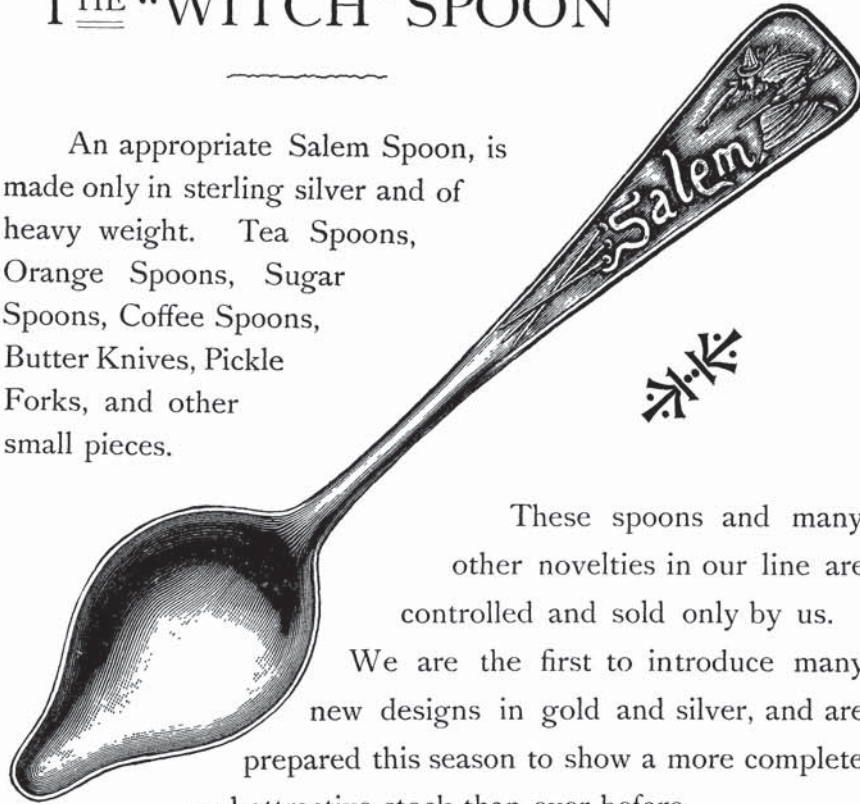

We have made extensive alterations and additions, more than doubling the size of our store, making ours the largest and finest Watch, Jewelry and Silverware establishment east of Boston.

(See other side.)

THE "WITCH" SPOON

An appropriate Salem Spoon, is made only in sterling silver and of heavy weight. Tea Spoons, Orange Spoons, Sugar Spoons, Coffee Spoons, Butter Knives, Pickle Forks, and other small pieces.
