

BEVERLY

Street and Householders' Directory.

The street directory gives the location of each street, and shows what other streets or places run from or across it. The house numbers are given in left and right hand columns, with the names of heads of families and persons in business, in the order of location.

Houses without numbers are indicated by a —, and the dash is also used oppositely connecting streets to indicate whether such streets begin or end on the left or right side.

BEVERLY BUSINESS DIRECTORY.

This enterprising and accessible city located on the picturesque "North Shore," incorporated as a town in 1668 and as a city in 1894, is 16 miles from Boston and a forty minutes ride on the eastern division of the Boston and Maine Railroad. It is very attractive either as a place of business or residence. The population is 12,000. The valuation is \$14,000,000 and the tax rate is low. It is connected with Salem and Boston by nearly forty trains a day, and with Salem and adjoining towns by well equipped street railways. The most important industry is the manufacture of women's and children's shoes, which is carried on to a very great extent. Many other important and successful manufacturing concerns are located here. The board of trade is pursuing a very liberal and public spirited policy by the erection of buildings suitable for manufacturing purposes and by other means calculated to induce capitalists and mechanics to locate here and take advantage of the business facilities so abundantly presented.

HOOPERZEIL'S Steam Roasting and Baking Pan

THE ECONOMIST ROASTING AND BAKING PAN

Combines all of the best points of other covered pans, with the addition of the Patented Water Joint.

REMEMBER

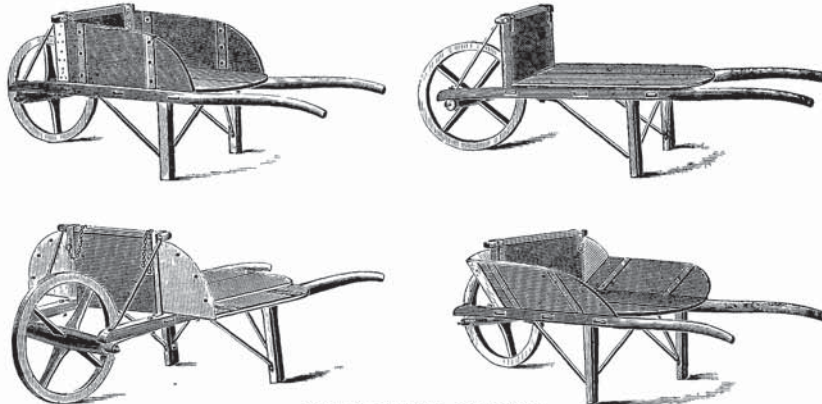

1. It makes the meat juicy and tender.
2. It needs no basting.
3. You can see if water is needed from the outside of the pan.
4. You can put water in from the outside.
5. Meat don't shrink up from cooking.
6. You retain the heat that you would lose in basting in the old way.

It is unsurpassed for baking bread, cakes, biscuits, etc. No heavy or dried up bread. No crusts. For baking beans it is simply magical.

43 BARTLETT ST., BEVERLY, MASS.

THE "CONTINENTAL" BARROW.

PATENTED NOV. 22, 1892.

By means of the Adjustable Sides you can have a barrow with straight-up or flaring sides, or one with a wide platform bottom, so as to carry large loads of any light material.

It is simple in construction and will not get out of order.
"It costs a trifle more, but—" then you get more for your money than you would in purchasing one of the old kind. Every one is pleased with it and wonders that no one ever thought of it before.

Deodorizer and Germicide. 

It is the most effective Disinfectant and Deodorizer ever known. A spray from an atomizer thrown into vessels receiving or containing excreted matter, **Instantly Destroys all Germs of Disease;** or thrown about a sick room, or urinals and bowls in toilet rooms, destroys all offensive odors.

For the cure of Catarrh, Hay Fever, Asthma, Sore Throat, Bronchitis and Pulmonary Complaints, it is phenomenal. For Cuts, Wounds, Burns, Scalds, Bites of Insects, etc., it has no equal. Kills Moths, Ants, Vermin and every kind of Insect. **CONTAINS NOTHING POISONOUS TO THE HUMAN BEING.**

Atomizer Complete, \$1.00.

Without Atomizer, 1 Pint \$2.00, 1-2 Pint \$1.00
