# BUSINESS DIRECTORY OF DANVERS.

This delightful town, formerly "Salem Village" was set off from Salem in 1752, and is now attractive as a residence or place for business. It has a population of about 7500, an abundant water supply, and its streets are well lighted by electric lights, the plant for which is owned by the town. It is four miles from Salem and eighteen miles from Boston, being connected with the former by street and steam railway lines, and with the latter by two distinct lines of steam railway, the eastern and western divisions of the B. & M. R. R. About twenty trains daily, each way, between Danvers and Boston. Nine railroad stations and five post offices. Its principal industries are the manufacture of leather, shoes and bricks. Market gardening is also an extensive industry. It has excellent schools and churches, and a fine public library. Like many other towns in this vicinity it has excellent facilities for manufacturing purposes, and business firms desiring to locate here will find ample accommodations and a thrifty and enterprising people. Rents and taxes moderate.
