BEVERLY BUSINESS DIRECTORY.

This enterprising and accessible city, located on the picturesque "North Shore," incorporated as a town in 1668 and as a city in 1894, is 18 miles from Boston, and a forty minutes' ride on the eastern division of the Boston & Maine Railroad. It is very attractive, either as a place of business or residence. The population is about 14,000. It is connected with Salem and Boston by nearly forty trains a day, and with Salem, Gloucester and adjoining towns by well equipped street railways. The most important industry is the manufacture of women's and children's shoes, which is carried on to a very great extent. Many other important and successful manufacturing concerns are located here. The board of trade is pursuing a very liberal and public spirited policy by the erection of buildings suitable for manufacturing purposes, and by other means calculated to induce capitalists and mechanics to locate here and take advantage of the business facilities so abundantly presented.

THOMAS' OIL-TROUGH TREE PROTECTOR.

(Patented August 9, 1881.)

This Improved Protector effectually protects the trees against the **CANKER WORM**. Neatest, Cheapest, and most durable protector in the market.

1. They are made of Heavy Corrugated Zinc which prevents them from sagging when on the tree.
2. It contains oil enough for the season, and a perpendicular front to the pan prevents the oil from blowing out.
3. It will not girdle or injure the tree.
4. The oil troughs are easily cleansed and are protected from dirt and leaves.
5. It will prevent the codling and tussock moths, bark lice, curculio, caterpillars, etc., from ascending the trees, and is so constructed as to be a perfect barrier against canker worms.
