## MANCHESTER BUSINESS DIRECTORY.

This attractive seaboard town well known as a place of delightful summer resort, is eight miles from Salem and twenty-five miles northeast from Boston. It was set off from Salem in 1645, and was named in honor of the Duke of Manchester. To the summer residents, many of whom reside here for the greater part of the year, it possesses many attractions, in its beautiful scenery, drives and excellent surf bathing. The singing beach is a great curiosity to strangers. The town has a beautiful stone Memorial Hall presented by Mr. T. Jefferson Coolidge, and a public library of about 5,000 volumes.

Supply of family and retail trade a specialty.

*All orders promptly attended to.*

**S**PRING POND is situated in the northeastern part of the town, remote from any habitation, and has a nice, clean gravelly bottom, with a number of boiling springs, making it very desirable for domestic use. Its purity is attested by the following analysis made by the well-known Dr. Bennett F. Davenport, of 161 Tremont street, Boston, a member of the American Chemical Society, also of London, Paris, Berlin and other societies.

"Figures express parts in 100,000 parts of water.

Free Ammonia, - - - - -	0.0000	Volatile Residue, - - - - -	.90
Albuminoid Ammonia, - - - - -	0.0012	Total Residue, - - - - -	1.00
Chlorine, - - - - -	0.15	Hardness, - - - - -	Very soft
Fixed Residue, - - - - -	0.10		

The water of the above ice when melted was of great purity, free from all objectionable elements, and especially fit for table use.
