BEVERLY

Street and Household's Directory.

The street directory gives the location of each street, and shows what other streets or places run from or across it. The house numbers are given in left and right hand columns, with the names of heads of families and persons in business, in the order of location.

Houses without numbers are indicated by a—, and the dash is also used opposite connecting streets to indicate whether such streets begin or end on the left or right side.

LEFAVOUR'S, 182 ESSEX STREET

Beverly Business Directory.

This enterprising and accessible city, located on the picturesque "North Shore," incorporated as a town in 1668 and as a city in 1894, is 18 miles from Boston, and a forty minutes' ride on the eastern division of the Boston & Maine Railroad. It is very attractive, either as a place of business or residence. The population is about 14,000. It is connected with Salem and Boston by nearly forty trains a day, and with Salem, Gloucester and adjoining towns by well equipped street railways. The most important industry is the manufacture of women's and children's shoes, which is carried on to a very great extent. Many other important and successful manufacturing concerns are located here. The board of trade is pursuing a very liberal and public spirited policy by the erection of buildings suitable for manufacturing purposes, and by other means calculated to induce capitalists and mechanics to locate here and take advantage of the business facilities so abundantly presented.

New York sets the fashion for stationery in this country and these are the exact sizes in use there

The usual form is to spell out one of the "given" or "Christian" names. The title "Mr." usually goes on a gentleman's card. The title "Miss" or "Mrs." always goes on a lady's card. A widow should use her former husband's name.

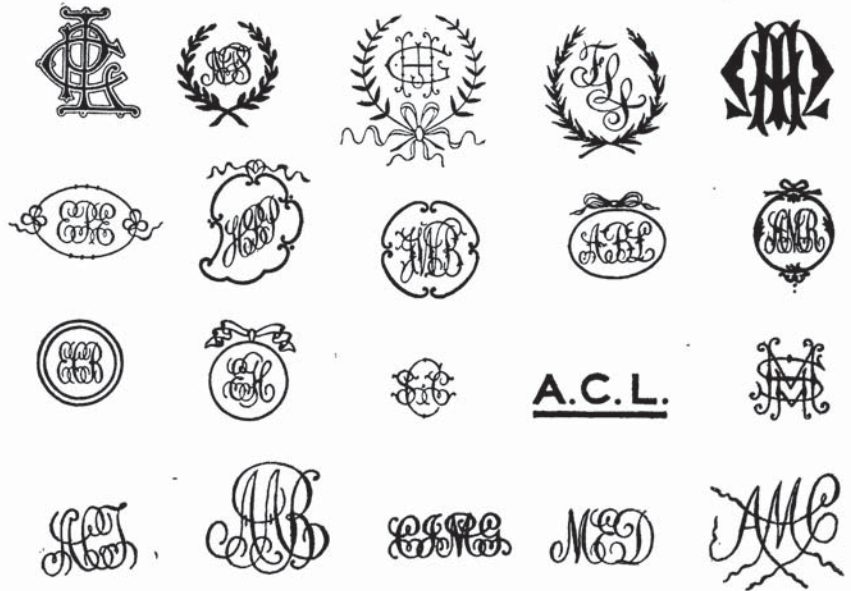

Delivered by mail free. Address or day costs nothing extra. When one of our printed cards gets into a card tray with other engraved ones, it does not look like a tramp in polite company. We print them clear, clean and black, and use the best quality cards. They can hardly be told from engraved.
