BANKERS LIFE INSURANCE CO. Of the City of New York.

Insure in the "Bankers." You do not have to Die to Win.

The "Bankers" Policies under \$1,000 are cheaper and better than those of other companies issuing weekly or monthly premium paying policies.

At age 30, for instance, the average weekly payment policy of \$500 costs 37c per week, or \$1.60 for a full month, and it is not in Full Benefit until one year from its date; whereas the "Bankers" policy for the same amount carries a premium of but \$1.35 per month, and is in Full Immediate Benefit from the Date of Issue in event of death. This is a saving of 25c to the insured in the "Bankers." For 27c the "Bankers" will sell another \$100 of Insurance.

GAIN IN THE "BANKERS" \$100.

In other words you can secure \$600 of insurance in the "Bankers" for practically the premium which is charged elsewhere for \$500. It issues policies with monthly premiums on the Life, Limited Payment Life and Endowment plans, thus extending to people of moderate means all the advantages of the best forms of life insurance. Annual dividends on all policies commencing with 1st year.

You may be skeptical. You may hate to depart from the beaten path of your fathers. But remember this is an age of progress, and old methods must give place to new.

We have heard of things like this before.—M. D.'s mistake colic for appendicitis. Appendicitis is now the popular fad, so a Chicago man who had cramp colic from eating ice cream was hustled to a hospital by the solicitous doctors and operated upon for appendicitis. His funeral is tomorrow. Friends of the family are invited. No flowers.
