## Our New Home

**I**S NOW COMPLETED and awaits your inspection. Situated on the corner of *Essex* and *Washington Streets*, two of *Salem's* principal business thoroughfares, we now have a store second to none east of New York City. Within the walls of our new home one will find the most varied and the most comprehensive stocks of DIAMONDS, WATCHES, JEWELRY, SILVERWARE, BRASSES, CUT GLASS, FINE LEATHER GOODS, STATIONERY, CLOCKS and SOUVENIRS of SALEM, and kindred lines to be found anywhere.

**I**T is a most interesting collection. With a floor space twice the size of our former quarters, and a frontage of nine display windows, we will endeavor to place before you, always, everything that is new in our various lines. Our already extended reputation for novelties, we will try to increase by showing first hand everything of our craft that is new and appealing. We will guard with jealous care our standard of quality, which we have maintained for nearly half a century. ¶ The experience acquired during this period has given us special facilities for knowing the needs of our many thousands of customers. And strict conformity to this quality standard, both in our most expensive pieces and in our lower price articles has given us a leadership which we have annually increased, thus giving to our customers many advantages not to be secured elsewhere. The present volume of our business makes it possible for us to quote our customers lower prices than can be obtained in the ordinary jewelry shops. ¶ We hope to see you in our store and to have the opportunity of showing you many of our pretty things. ¶ We are sure that such a visit to our new shop would be one of pleasure for both of us too.
