Business Directory

of Cities and Towns included in Naumkeag Directory.

The Naumkeag Directory includes the cities of Salem (44,000) and Beverly (17,000), and the towns of Danvers (9500), Marblehead (7300), Peabody (16,000), Hamilton (1800), Manchester (2700), Middleton (1200), Topsfield (1200), and Wenham (1000), making a total population of about 102,000.

The publishers, after much thought and labor, have combined the business sections of the entire district, so that the business people of these cities and towns will be brought into notice everytime one desires to find any business house.

The names appearing in capital letters are the names of business people of the district who value the prominence that the different headings under which they appear, give to their business.

The following abbreviations have been used in this department of the directory; viz:—Bev., Beverly; B. F. or Bev. Farms, Beverly Farms; Dan., Danvers; Mhd., Marblehead; Pea., Peabody; Ham., Hamilton; Man., Manchester; Mid., Middleton; P. C., Pride's Crossing; Tops., Topsfield; Wen., Wenham. All addresses not otherwise designated are Salem.

Reach Your Customer when He is Prepared to Buy Your Goods

That is exactly what we are prepared
to do for you.

We reach every day **one thousand** of the best **money spenders** on earth ; we reach them in their offices and at their homes ; when they **need your goods** ; when their mind is centered on **buying** ; when they have all buying facilities at hand ; **when they really** do their buying.

We reach them every minute of every day in the year. We remind them continually that you have something they will need sometime ; we never let up for a minute ; because somebody is **consulting some Directory**, somewhere, **every minute, day and night, all the time**. City Directories are very long lived—they cost from \$1.00 to \$5.00 a copy ; they are kept in use one, often two, sometimes three, and occasionally 5 years ; we base our advertising prices on one year's use ; you get the balance for good measure.

There is no "dead" matter in them, and the information they contain can be found nowhere else, therefore everybody who wants that information quickly, **must consult the City Directory**.

The principle reasons why the City Directory is consulted so much is that the **consultor** wants to **Buy, Sell or Find** something quickly ; if he wants to **Buy** it may be in your line ; if he wants to **Sell or Find** your adv. may tell him something he wants to know.

In a word, the entire Mercantile and Professional element of America uses the City Directory every working day of the year.

Can you think of any other medium that will reach your people oftener, or stay with them longer at 5 times the cost of the City Directory ?
