CHILSON'S IMPROVED CONE FURNACE,

Patented in the United States, England, and France.

Ten Sizes for Brick and Portable Casings.

A GOLD MEDAL was awarded to this celebrated Furnace at a recent Fair of the Massachusetts Charitable Mechanics' Association, and the ONLY GOLD medal ever awarded any Furnace by this Association. It has also received another GOLD MEDAL (first premium) at the Middlesex Mechanics' Exhibition, at Lowell, 1867.

This justly celebrated Furnace, now in such extensive use throughout the country, is now in

t the country, is now in much greater demand than ever, since the recent improvements have been added. Once seen it must convince every one that it is the most perfect plan for warming buildings in this country. Its wonderful heating power and great economy in fuel have been more fully developed the past two years during the high price of fuel, than ever before—it having proved in many cases a swing of from forty to fifth per cent, over other Furnaces.

Thousands of commen dations and references have been received from

Churches, Schools,

Hospitals, Asylums, and

Public and Private Buildings

of all kinds, which may be seen on application;

This elegant preparation is offered as one well adapted to meet the wants of all those who require a tonic and cordial medicine.

It is prepared from the best variety of the "Peruvian Bark" known as "Calisaya Bark," the bitter taste of which, in this Elixir, is covered, while its efficiency is enhanced by the aromatics with which it is combined.

It will commend itself to favor by its valuable tonic and invigorating action; while its delicate flavor will please even the most fastidious.

In all diseases arising from a want of tone or vigor in the digestive organs, such as loss of appetite, dyspepsia, &c., its use will be attended with marked advantage; and in climates where Fever and Ague, and maladies caused by malaria are prevalent, it will be found a most valuable medicine.

As a general tonic it is highly recommended.

Price \$1.00. Six Bottles for \$5.00.

They are also much stronger and more durable, and, in consequence of their combined strength, can be made considerable lighter.

JOB PRINTING OF EVERY DESCRIPTION,

Executed with neatness and promptness at The Register Job Office.

BOOK, JOB, & FANCY PRINTING

EXECUTED AT THE OFFICE OF THE

Salem Gazette, and Essex County Mercury,

In the best Style, and on favorable terms.

THE SALEM CAZETTE,

Established Weekly, 1768; Semi-Weekly, 1796,

Is printed on TUESDAY and FRIDAY mornings, at \$3.50 per year when paid in advance; \$4.00 when not in advance. The length of time which it has been before the public, and the extensive circulation it has obtained for more than a century, render it unnecessary here to enter into a formal exposition of its character. The intention is that it shall always contain the most important foreign and domestic intelligence, political, moral, and literary; original communications upon all subjects connected with the public welfare; a full and correct shipping list; business advertisements; and, in short, everything that is usually found and expected in a family newspaper.

The large country circulation of "The Gazette" (including "The Mercury," in which all new advertisements of "The Gazette" are published), renders it particularly valuable as a medium for the publication of Probate advertisements, sales of Real Estate, and other notices of interest to the farming population. Every new advertisement, with its insertion in the weekly edition, is placed before nearly three thousand subscribers in Salem and the neighboring towns.

THE ESSEX COUNTY MERCURY.

OR, WEEKLY SALEM GAZETTE,

ESTABLISHED A.D. 1832,

Is made up from the reading matter of "The Salem Gazette," and is one of the cheapest and most popular papers in New England. The subscription price is \$2.00 a year, when paid in advance. The quantity of reading afforded is much greater than is usually found in a newspaper; and, as it circulates extensively in all parts of the County of Essex, particular pains are taken to present all the local matters of the County. "The Mercury" is published every Wednesday morning; the subscription price, when not paid actually in advance, is \$2.50 per year. For strictly advance payment we deduct 50 cents, leaving the price \$2.00 per year.

MANUFACTURER OF

THE RANDALL SKELETON GRATE BAR.

Patented February 9th, 1869.

TESTIMONIALS.

A. O. CORBETT, — Dear Sir: In answer to your request for my opinion as to the value of the Randall Skeleton Grate Bar, I will say that I am well acquainted with the form and working of them, and can safely certify that I believe them to be the best in use. First, because they give more air space for a given amount of surface than any that I know of. Second, they are calculated better for an equal thickness of metal, thereby preventing warping or cracking. Thirdly, they require less weight of iron to make a given surface of grate. Reasons sufficient to make them the best grates now known.

Yours truly,

JOHN SPARROW.

MILFORD, March 12, 1870.

A. O. CORBETT, — Dear Sir: I have used the Randall Patent Grate Bar nearly a year, and they are the best I ever used. They work admirably.

R. C. HUSSEY.

Boston, March 25, 1870. Having used the Randall Skeleton Bars, in connection with the three large Steam Boilers attached to the St. James Hotel for nearly two years, I do not hesitate to recommend them, especially for durability, and also for general excellence for the purpose designed.

M. M. BALLOU, Proprietor St. James Hotel.

A. O. CORBETT, — Sir: I have been using the Randall Grate Bars in one Furnace on board Steamer Star of the East, since April 15, 1868. I find them the best I have ever used. They give better draught and burn the coal up cleaner and leave less ashes and clinkers than any grate I ever used.

L. S. DAVIS, Chief Eng'r Str. Star of the East.

With the evidence I have of the saving of coal by the use of these bars, I recently ordered have just received 52 more grates.

JASON COLLINS, Capt. Str. Star of the East. and have just received 52 more grates.

A. O. CORBETT, — Dear Sir: We have given your Grate Bar a trial for the last three months, and it has given perfect satisfaction. We have given it some severe tests with leather chips, which make the hottest fire.

WORCESTER, Jan. 27, 1876.

We have given it some severe tests with leather chips, which Yours truly, D. G. RAWSON & CO. make the hottest fire.

BOSTON CUSTOM HOUSE, Jan. 14, 1869.

A. O. CORBETT, — Dear Sir: In answer to your inquiry how the Randall Grate Bars work, I will say, I have used them nearly a year and they are as good to-day as when put in. I consider the very best recommendations that can be given of them none too good.

Yours truly,

H. ROBERTS, Engineer.

A. O. Corbett, — Dear Sir: We have been using a set of the Randall Skeleton Grate Bars seventeen months. They have not warped in the least, and are as good as new. We cheerfully give you this testimonial in answer to your inquiry.
