CELEBRATED AND UNRIVALLED

(With New and Important Improvements of 1875, for Warming Buildings of all classes.)

Special attention is called to my

NEW CLINKERLESS GRATE.

My thorough practical experience in Furnace making for nearly forty years—in all their various forms, of Cast and Wrought Iron—has enabled me to know how a Furnace should be made to accomplish the best results. No pains nor expense will be spared in keeping up the high reputation this Furnace has attained. Nearly Thry Thousand are now in use. In addition to the above, my new

WROUGHT IRON FURNACE

is now out, to which I would ask the attention of all in pursuit of the Best Wrought-Iron Furnace in the market. This also has my New Clinkerless Grate.

DR. E. D. SPEAR,

So much Celebrated for his Bemarkable Cures.

OFFICE, No. 897 WASHINGTON STREET, BOSTON.

A SKILFUL PHYSICIAN.—We shall perhaps convey no fresh information to the reader when we state that Dr. E. D. SPEAR, No. 897 Washington Street, is one of the most skilful physicians in our city. He has been in active practice for many years, and this includes every variety of disease. He has been particularly successful where other physicians have seemed to fail. All who desire to procure the services of a physician who can be relied upon, should call upon Dr. SPEAR.—Congregationalist, Feb. 26, 1874.

THE advertisement in another column is worthy the attention of the afflicted, in view of the proofs there given of the efficacy of the remedies of Dr. SPEAR in cases of bleeding at the lungs, and other consumptive symptoms. The names of parties are given, some of them accessible to inquirers by reason of their residence in our midst. The office of Dr. SPEAR is at 897 Washington Street, not far from the head of Pleasant.—Daily Evening Traveller.

To all who need the services of an experienced, successful physician, we would say, consult Dr. E. D. SPEAR, so much celebrated for his remarkable cures, and you will never regret having taken this advice.—*Boston Herald*.

THE testimony of many persons who seemed fit tenants for the grave, and who now, happily, enjoy the best of health, is proof sufficient of the great efficacy of the medicines and treatment of Dr. E. D. SPEAR, so much celebrated for his remarkable cures. Success has attended the efforts of Dr. SPEAR in a wonderful degree; and astonishing cures are related, the proofs of which are now living, and will only be too happy to testify in behalf of the doctor's skilful treatment. "Consumption's ghastly form" has brought terror to many a stout heart, and defied the skill of many an excellent physician. That Dr. SPEAR has restored to perfect health many suffering from this obstinate disease is an undoubted fact, and the sceptical should be convinced by investigation.—Watchman and Reflector.

DR. SPEAR has been in active practice (except a few years spent abroad in perfecting his system of medicine) for more than a quarter of a century, during which time he has treated thousands of nearly all the different ills to which flesh is heir. The great principle in his system is:—Discard the use of all mineral medicines, as not only useless, but dangerous. Rely on Vegetable Products entirely.

DR. SPEAR will also refer to James T. Croft, 97 Beverly Street, cured of consumption.

John Ward, 787 Sixth Street, cured of consumption.

Charles W. Doe, of Marblehead, cured of hæmoptysis.

John G. Higgins, of Wellfleet, cured of bleeding from the lungs, fourteen years ago.

ago. Rev. E. H. McKenney, of Lynn. Mrs. Erving, 35 Appleton Street, Boston.

Mr. William B. Trask, Pond Street, Dorchester.

Mr. Russell Carruth, 18 East Canton Street, Boston, and many others who have been cured of various diseases which had baffled the skill of other physicians.

DR. SPEAR may be Consulted upon ALL Diseases Free of Charge.

SALEM GAZETTE, and ESSEX COUNTY MERCURY,

In the Best Style and on favorable terms,

By FOOTE & HORTON,

Hale's Building, 223 Essex Street.

THE SALEM GAZETTE,

[ESTABLISHED 1768,]

Is Published on Tuesday and Friday Mornings.

The large country circulation of the Gazette, (including the Mercury, in which all new advertisements of the Gazette are published,) renders it particularly valuable as a medium for the publication of probate advertisements, sales of real estate, farm products, and other notices of interest to the farming population. Every new advertisement, with its insertion in the weekly edition, is placed before between three and four thousand subscribers in Salem and the neighboring towns. It is our design to make so full a record of general as well as of local news, that a person reading no other paper shall be kept posted in both general and local news. The subscription price, when paid in advance, is \$3.50 per year, or \$4.00, payable semi-annually.

THE ESSEX COUNTY MERCURY.

Or, WEEKLY SALEM GAZETTE,

[ESTABLISHED A. D., 1832,]

Is made up from the reading matter of "The Salem Gazette," and is one of the cheapest and most popular papers in New-England. The subscription price is \$2.00 a year, when paid in advance. The quantity of reading afforded is much greater than is usually found in a newspaper; and, as it circulates extensively in all parts of the County of Essex, particular pains are taken to present all the local matters of the County. "The Mercury" is published every Wednesday morning. The subscription price, when not paid actually in advance, is \$2.50 per year. For strictly advance payment we deduct 50 cents, leaving the price \$2.00 per year.

FOR ALL KINDS OF MACHINERY.

As a thoroughly good lubricant for machine use, Downie's Hyper Sperm Oil has received unqualified commendation from mill-owners and munufacturers. With all the good qualities of genuins sperm oil, and with none of its objectionable features, it is not strange that it has come into so general use. It is less than one-half the cost of sperm oil, and will not stain the most delicate fabric, while, as it has not in the slightest degree the objectionable "gumming" peculiarity of sperm oil, the machinery runs with greater ease and smoothness, giving, in the amount of power required, i. e., pounds of coal burned, a saving by no means inconsiderable. Mr. William Downie, the inventor of the oil, after years of experience in mills, and other manufacturing establishments in Europe, finally succeeded in perfecting such a lubricant as his personal knowledge of manufacturers' needs taught him would be appreciated. And so the event has proved. The name, "Hyper Sperm Oil," has just been patented and is now the trade-mark of the article.—Commercial Bulletin, Oct. 23d, 1875.
