INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, presents to subscribers and the general public, this, the 1946 edition of the Salem City Directory, which also includes Peabody, Danvers, and Marblehead.

Confidence in the growth of the community's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Salem Directory will fulfill its mission as a source of authentic information pertaining to the community.

POPULATION

The population, according to the United States Census of 1940, was: Salem 41,213; Peabody 21,711; Danvers 14,179 and Marblehead 10,856.

FIVE MAJOR DEPARTMENTS

The five major departments are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT, pages 7 to 13, on white paper, presents lists of city, town, county, state and federal officials; post offices; public school Directories; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Salem is included in pages 17 to 314, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Salem, and the name, official personnel, nature and address of each firm and corporation in the city. A similar list for Peabody is contained in pages 391 to 532; for Danvers in pages 571 to 640; for Marblehead in pages 667 to 743.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Salem, on pink paper, covers pages 317 to 385. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes, the number of persons living in each household, and the listing of telephone numbers. A similar directory for Peabody in pages 533 to 568; for Danvers in pages 641 to 662, and for Marblehead in pages 745 to 775.

THE BUYERS' GUIDE, beginning opposite page 776 and separately paged from 1 to 68, on India colored paper, contains the advertisements of leading manufacturing, business and professional interests of Salem, Peabody, Danvers and Marblehead. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Salem and vicinity, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 777 to 836, on tinted paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

MUNICIPAL PUBLICITY

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Salem, Peabody, Danvers and Marblehead.

THE SALEM DIRECTORY LIBRARY

Through the courtesy of the publishers of the Salem City Directory, a Directory Library is maintained in the offices of the Salem Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO., Publishers.

SALEM

CENTER OF THE BEAUTIFUL NORTH SHORE OF MASSACHUSETTS; THE MOST HISTORIC CITY IN THE EAST.

Public Libraries—1 public library with three branches, with total of 112,173 volumes.

City Statistics—Total street mileage, 64.5, with 29.4 miles paved. Miles of gas mains 70; of sewers, sanitary 63.33; surface 21.34. Busses now used. Number of water meters 6,736. Capacity of water works, 2 reservoirs (10,000,000 and 20,000,000 gallons) with daily average pump of 4,723,800 gallons to December 1944; 87.3 miles of mains, and plant valued at $2,810,795.55. Fire department has 82 permanent men, 3 call men, 6 triple combination pumping engines with hose, 1 Chemical with hose, 1 city service ladder truck with Chem. tank and hose, 1 self-raising 75 foot aerial ladder truck, 1 emergency car with water gun, foamite generator, powder & hose, 1 squad car with 100 gallon booster tank and hose, in 6 station houses. Value of fire department real estate $97,050.00. Police department has 90 men, with 1 station and 10 pieces of motor equipment. Value of police department real estate and equipment, $100,000.00.

History

Salem was founded in 1626, and is one of the oldest cities in the United States. It has taken an active part in all the historic events of the country, and is today a prosperous, industrial and residential city, preserving more historic landmarks, relics and articles of Colonial interest than any other city in New England.

Here is the scene of the famous Witchcraft Delusion of 1692, the meeting place of the first Provincial Congress, and the site of the old North Bridge, where occurred the Colonies' first armed resistance to the British in the Revolution. Nathaniel Hawthorne, the celebrated author, was born in Salem in 1804, and here he lived and wrote, drawing most of his plots from the town of his birth.

Modern Salem is the shire town of Essex County and the retail center of about 200,000 people. It is a city of diversified industry and is famous for the manufacture of cotton goods, leather, shoes, incandescent lamps, radio tubes, games, etc. It has about seventy different kinds of manufacturing, represented by one hundred and fifty factories. Salem has a population of more than 41,000.

It is a city of homes. About sixty-five per cent of the dwellings are owned by the occupants. It is rated as a "B" city by the fire underwriters, which gives the city the lowest insurance rate possible.

Location

Salem is located on the Eastern Division of the Boston & Maine Railroad, thirty minutes from Boston. It is sixteen miles north of Boston and has excellent train service, also frequent express bus service to and from Boston. It is on the direct automobile route from Boston to Maine and New Hampshire summer resorts with abundant parking facilities.

This city is located upon Salem Harbor, is cooled throughout the summer by delightful east winds and is sheltered from the extreme weather in winter. Salem is a shipping center with direct rail connections.

Education

The high standard of Salem's schools is generally recognized. The State Teachers College is one of the oldest in America. In the Department of Education, a degree of Bachelor of Science in education is granted at the completion of four years. It is one of the largest teachers college in the state.

The High School is splendidly equipped with recreation rooms, libraries, laboratories, auditorium, study halls and gymnasium. It has 1,295 students and a corps of 65 teachers.

There are 18 grade schools with an enrollment of 3,082 and 140 teachers. There are seven parochial schools, two commercial schools, and one private school.

The Public Library was formerly the home of Captain John Bertram. In 1887 this magnificent estate was given to the city for a public library. The Library, with 3 branches, contains 109,994 volumes.

Clubs and Fraternities

The Rotary Club meets Tuesdays at 12:15, Lions Club, Tuesdays at 6:15 P. M., and the Kiwanis Club, Thursdays at 12:15, at the Hawthorne Hotel. There are five women's clubs: Salem Woman's Club, Thought and Work Club, the Society for Higher Education, Business and Professional Women's Clubs and the Zonta Club, also Salem Fraternity, the oldest boys' club in America, Y. M. C. A. (the first boys' branch in the world was organized in Salem), Young Woman's Association, Masons, Elks, Knights of Columbus, Odd Fellows.

Recreation

Salem has three motion-picture theatres, and two splendid golf courses—the Salem Country Club, and the Salem Municipal Course.

At Forest River Park there is a tourist camp, with running water and toilet facilities. It has a splendid salt water swimming pool and a new and attractive bath house. The park is under city supervision and is free.

The Salem Willows is a noted recreational park on the North Shore, with boating, bathing, fishing, shore dinners, ball park, open air theatre, dancing, bowling, etc. It is beautifully located on Salem Harbor.

Churches

Salem has many beautiful churches representing almost every denomination. The architecture of some of the churches is noteworthy.

The first meeting house for Congregational worship in America was erected in Salem in 1629, and continued as a place of worship for nearly three hundred years.

Retail Trade

The retail section of Salem is the purchasing centre of approximately 200,000 people, and its stores are of a distinctly metropolitan character.

Industry

The industries of the city are remarkably diversified. Good wages are paid. The living conditions are excellent. The city is unusually free from labor troubles. There is a splendid electric lighting plant, furnishing ample light and power for local needs. The water supply is of the best.

Salem is a good city in which to live, and offers splendid inducements to prospective manufacturers.

Hotels

The Hawthorne Hotel, erected by citizens of Salem, is situated at the junction of the Hawthorne Boulevard and Washington Square. It is of a distinctive type due to Colonial traditions and is undoubtedly the finest tourist and commercial hotel north of Boston. It affords a cool, charming stopping place for use of summer tourists as headquarters from which to enjoy, not only the historic treats of Salem, but many fine motor trips along the coast and through the woodlands of what many people consider the most attractive section of New England. It affords a central point for traveling men doing business anywhere in Essex County. Good meals, a comfortable night's rest, and an early start, without traffic complications, make it ideal for this class of patronage.

A commodious garage is located a short distance from the hotel. There are five smaller hotels.

The Pioneers' Village

Forest River Park, Salem, Massachusetts. A correct reproduction of life in a Puritan settlement. Covers three acres and has 14 buildings. Built by the citizens of Salem as part of the Massachusetts Tercentenary of 1930. Is has proved of such interest and educational value that it is being maintained as a permanent historical feature of the city. Open daily until dusk.

INFORMATION

in the mass seems like a dull proposition but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use of it however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to any one. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much.

In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

CONSULT YOUR DIRECTORY

Accurate Information is worth all it costs.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore—

$1000 \times 3\frac{1}{2} \times 305 = 1{,}067{,}500$

POLK'S SALEM

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1946

Copyright, 1946, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The symbol ◎ following a householders' name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Figures following names denote number of persons living in that household.

Telephone numbers, as supplied to us on our canvass, are shown opposite names. Exchange is Salem unless otherwise noted.

YOUR CITY DIRECTORY

Is Something More than—

A Book of Names and Addresses

A Catalogue of Trades and Professions

A Street Guide

It is A Service that brings you daily in closer touch with your customers and friends

It Enables You to address them each and every one

To avoid the offense of incorrect spelling and addressing

To find new customers

To tell who lives in any house in the city

To find local sources of supply for hundreds of articles

It Will Save You time and money both in buying and selling. It will make you more efficient and protect your standing as an accurate and progressive business man

Your directory gives you an accurate bird's-eye view of your city, its institutions, inhabitants, government and buildings

---

Always Use the Latest Edition

EVERY STORE

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

POLK'S
PEABODY
Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide
1946

Copyright, 1946, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Figures following names denote number of persons living in that household.

Telephone numbers, as supplied to us on our canvass, are shown opposite names. Exchange is Peabody unless otherwise noted.

POLK'S
DANVERS
Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide
1946

Copyright, 1946, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Figures following names denote number of persons living in that household.

Telephone numbers, as supplied to us on our canvass, are shown opposite names. Exchange is Danvers unless otherwise noted.

The Return Circuit in Advertising

The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made

CREATIVE ADVERTISING—in newspapers, magazines, billboards etc., tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

THIS DIRECTORY is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

HAVE YOU MADE IT EASY FOR BUYERS TO FIND YOU?

A PUBLIC SERVICE PUBLICATION

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

At Your Service

Your City Directory

IS SOMETHING MORE THAN—

A Book of Names and Addresses

A Catalogue of Trades and Professions

A Street Guide

IT IS A SERVICE that brings you daily in closer touch with your customers and friends

IT ENABLES YOU to address them each and every one

To avoid the offense of incorrect spelling and addressing

To find new customers

To tell who lives in any house in the city

To find local sources of Supply for hundreds of articles

IT WILL SAVE YOU time and money both in buying and selling. It will make you more efficient and protect your standing as an accurate and progressive business man

Your directory gives you an accurate bird's-eye view of your city, its institutions, inhabitants, government and buildings

POLK'S
MARBLEHEAD
Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide
1946

Copyright, 1946, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Figures following names denote number of persons living in that household.

Telephone numbers, as supplied to us on our canvass, are shown opposite names. Exchange is Marblehead unless otherwise noted.

IF YOU ARE IN A ***BUSINESS FOG***
IN THE AFTERMATH OF WAR

● Let the City Directory help guide you to reorientation. It is the natural key to things as they are after the great upheaval. A recent Directory will provide the basis by which business can obtain a new grip on markets and a new appraisal of prospects. Pre-war guides of nearly all kinds are deader than a dodo today. Business now enters a new era of great possibilities. The City Directory hews to the line without propaganda, and new editions of this service reveal the great physical changes that have come over cities and communities during the past five years.

Business Men Need Such Information in Such Times!

Cashiers! Tellers! Clerks!

DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

ALMY'S

Salem's Largest, Most Progressive Store

DO ALL YOUR
BUYING WITH

Almy's Budget Checks

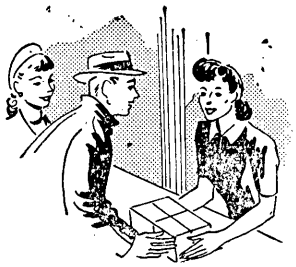

BUDGET CHECKS LOOK LIKE MONEY AND MAY BE USED AS MONEY IN ANY DEPARTMENT IN THE STORE

Purchase Almy's Budget Checks valued at $10, $15, $20, $25, for a small amount down . . . then spend the checks which are worth 10c, 25c, 50c, $1.00 or $5.00, just like cash, all through the store. You can take from thirty days to five months to pay for your Budget Checks. Ask the salespeople or at the credit office about them.

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ **The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED** ★

The **CITY DIRECTORY** has a definite place in the Business Man's Post-War Plans

The average market is nothing like it was at the outbreak of the war. The extent of change has been tremendous. Use the new City Directory to reanalyze the city—to see what it has gained and lost—to check the movements and trends—to secure a record of the vast army of removals —to organize for merchandising new products and services.

The City Directory is an Unbiased Picture that Tells a Story

If You Are in a **BUSINESS FOG**

In the Aftermath of War

●

Let the City Directory help guide you to reorientation. It is the natural key to things as they are after the great upheaval. A recent Directory will provide the basis by which business can obtain a new grip on markets and a new appraisal of prospects. Pre-war guides of nearly all kinds are deader than a dodo today. Business now enters a new era of great possibilities. The City Directory hews to the line without propaganda, and new editions of this service reveal the great physical changes that have come over cities and communities during the past five years.

BUSINESS MEN NEED SUCH INFORMATION IN SUCH TIMES!

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
